Assignment 1

Webmark

Assignment 1: **Webmark**

Build a Glitch app which allows a user to create and maintain bookmarks for interesting web sites.

Deadline: Sunday 04th March 11pm

Webmark Schedule

- Four weeks to complete the project.

- It's structure and features can be closely based on the 'Playlist' labs.

- There will be 2 playlist labs - after each lab you will have enough knowledge to make some progress on the project

  - Playlist Lab 1   —> Webmark V1

  - Playlist Lab 2   —> Webmark V2

Webmark V1

Webmark V1 Views

View 1 - Welcome

View 2 - Bookmarks

View 3 - About

Webmark V1: View 1 - Welcome

Contains an outline of the purpose
of the app in a short passage of
text

Webmark V1: View 2 - Bookmarks

- A static list of bookmarks, divided into three categories:

  - HTML Learning Resources

  - CSS Learning Resources

  - Javascript Learning Resources

- Each of these contains a small set (3 or 4) of links to web sites of interest in these categories

- Each link consists of:

  - title: an appropriate title for the link

  - link: the actual url for the link

- Clicking on the link will open the url in a new browser window

Webmark V1: View 3 - About

Contact details for the author of the
app (these can be fictitious company
or person).

Webmark V2

Webmark V2: View 1 - Welcome

Contains an outline of the purpose of
the app in a short passage of text.

+ a suitable image

Webmark V2:
View 2a - Dashboard
View 2b - Bookmark List (multiple)

Dashboard

- A static list of bookmarks, categories:

  - HTML Learning Resources

  - CSS Learning Resources

  - Javascript Learning Resources

- Only titles of categories listed, not actual bookmarks

Bookmark List

- Title of the Bookmark List

- Each of the bookmarks

  - Title

  - Link

  - Delete button

- Pressing the link will open the bookmark in a new window

- Pressing the delete button will remove the bookmark from the list.

Webmark V2: View 3 - About

Contact details for the author of the app (these can be fictitious company or person).

+ An image which shows a map showing where the company / person is located

Webmark Assignment

Specification provided: Feb 5th

Submission due: March 4th (11pm)

4 weeks to complete work

Grading Spectrum

Grade Range	Version 1	Version 2
Baseline	Welcome, bookmarks, about: 3 pages exist with some content all links working	
Good	Welcome with image, bookmarks page has a title and link for each bookmark, bookmarks are in categories (groups)	
Excellent		Welcome, dashboard, bookmarks,and about: 4 pages, all links working. Dashboard page has lists of categories, bookmark page holds relevant bookmarks for the category chosen
Outstanding		Delete of a bookmark on the bookmarks page removes the bookmark. About page has map included. Additional appropriate page/features
